Single \$39/month

Couple \$59/month

Family \$79/month

A completely new concept in dental coverage.

How Does It Work?

The Extending Grace Premium Plus Dental Plan works similar to many dental plans on the market. You pay a monthly membership fee for benefit coverage on your dental expenses. The plan is designed to cover preventive services such as cleanings and oral exams. This provides coverage that can be budgeted at an affordable monthly expense while receiving excellent benefits for your higher cost dental service.

Grace Dental administers the Premium Plus plan and works with you, the patient, directly to make all dental service decisions. There is no need to contact a 3rd party company for information. All questions regarding plan coverage, verifying benefits, changing coverage types, or any other questions should be directed to us here at Grace Dental.

Grace Dental may refer a patient to a specialist that participates in the Extending Grace Dental Plan. Members must verify the specialist's participation in the Network prior to accepting treatment. Grace Dental will have a complete listing of all participating specialists.

Our Plan

If asked, most people would agree that decisions about dentistry are best made between the patient and their dentist, without a third-party company's involvement.

The Extending Grace Premium Plus Dental Plan is different! It has been designed to provide you and your family with simple and affordable preventative dental coverage.

Not only does it provide outstanding coverage on preventive dentistry, the plan offers excellent coverage on major dental procedures like crowns, bridges, and dentures.

Since your Premium Plus plan is not administered by a third party insurance company, all the decisions regarding your dental treatment may be decided by you and your dentist, Dr. Roberts, without the need for claim forms, approvals, deductibles, or waiting periods.
